6. Culture, history, heritage, arts and sciences
7. In many regions, Germans account for the largest percentage of tourists.
8. Several German-speaking cities always rank in the Top 10 of the best cities in the world

Why Take German???

- German is the most widely spoken language in the Europe Union
- German is the 3rd most popular language taught worldwide.
- German is the 2nd most popular language taught in Europe and Japan, after English.
- The Japanese, who have one of the most powerful economies in the world, understand the business advantages that a knowledge of German will bring them: 68% of Japanese students study German.
- Germany has the 3rd strongest economy in the world.
- German is the # 2 exporting nation in the world.
- Germany is the major force behind the European Union.
- There are more than 1,100 companies in German-speaking countries that have subsidiaries in the United States. These companies account for 700,000 jobs in the USA.
- More than 750 American companies are doing business in German-speaking countries. These companies account for approximately 700,000 jobs in Germany.
- Germany is the #1 trading partner of all European countries and many non-European partners.
- 50% of polled US companies said that they would choose someone with German literacy over an equally qualified person because German proficiency enables the company to export goods to the European Union and Eastern European countries.
- Willy Brandt, the former Chancellor of Germany, said it best when he stated, "If I'm selling to you, *I speak your language*. If I'm buying, dann müssen Sie Deutsch sprechen."
- Germany ranks 3rd in the world for patent applications.
- Germany is the 2nd highest exporter of high-tech products.
- 2/3 of the world's leading international trade fairs take place in Germany, including CeBIT, the world's largest trade fair for information and communications technology.

- Germany is the #1 market in Europe and the 3rd largest market in the world for telecommunication products.
- Germans are major travelers and their first travel destination overseas is the USA (making it the #1 nationality of foreign tourists to the USA at 25%).
- Such a large number of Germans visit Florida that the state of Florida publishes at least 2 travel magazines in German: *Florida Journal* and *Florida Sun Magazin*.
- Germans are #2 with Internet presence.
- There are over 8 million Internet domains with .de, which is only second to the extension .com. German domain names are more popular than .net, .org, and .info extensions.
- Many colleges and universities recommend or require the study of German for students interested in: Anatomy, Architecture, Astronomy, Astrophysics, Art History, Biochemistry, Biology, Botany, Chemistry, Comparative Literature, Dramatic Art, Film Studies, Genetics, History, International Business, Linguistics, Logic & Methodology of Science, Mathematics, Music, Near Eastern Studies, Philosophy, Physical Science, Physics, Physiology, Political Science, Religious Studies, Telecommunications, and Zoology – to name a **few**.

- Germany financially supports over 60,000 international exchanges each year.
- German immigrants are responsible for thousands of mainstay products and cultural characteristics in the USA. These include Levi's jeans, ketchup, the Christmas tree, kindergarten, hotdogs, hamburgers, Bratwurst, Hershey's chocolate, multiple breweries, and the "American" image of Santa Claus just to name a **few**.

- Foreign language learners, especially those enrolled in German, have stronger language arts skills. Vocabulary skills in English, a better understanding of the English language itself, improved literacy, higher reading achievement as well as enhanced listening skills and memory have been shown to correlate with German language study.

Spanish

52.2%*

The 823,000 college students studying Spanish will be dismayed to know that learning the most popular language will yield a very small earnings increase. A study published in 2005 by economists Albert Saiz and Elena Zoido found that bilingual Spanish speakers with several years of work experience earned **only a 1.7% wage premium** over their monolingual peers.

*Percentage applies to the total number of U.S. undergraduates studying a foreign language.

French

13.1%

Speaking the language of love may be good for romance, but it's not great for the pocketbook. Bilingual French speakers in the workforce for several years earned only a 2.7% wage premium.

German

6.0%

There are about 94,260 college students enrolled in German classes, and they can expect their language skills to be worth more than their Spanish- and French-speaking peers. Bilingual German speakers with several years of work experience **earned a 4% wage premium.**
